Silver Peak Area Geothermal Exploration Project Environmental Assessment (Doe/EA-1921) (Paperback)

By U S Department of Energy, U S Department of the Interior, Bureau of Land Management

Createspace Independent Publishing Platform, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Rockwood Lithium, Inc. is proposing to construct, operate, and maintain the Silver Peak Area Geothermal Exploration Project within Esmeralda County, Nevada to determine subsurface temperatures, confirm the existence of geothermal resources, and confirm the existence of a commercial geothermal reservoir at the proposed well sites within federal geothermal lease N-87008. An Operations Plan for the construction, operation, and maintenance of these exploration wells was submitted to the Bureau of Land Management (BLM) Tonopah Field Office (TFO) in July 2011 and finalized in November 2011. Geothermal drilling permits would be submitted for the drilling of the exploration wells. Should this exploration project encounter and prove that a suitable geothermal resource is present, Rockwood would pursue development of the resource with the intent of providing electrical power for their adjacent lithium processing facilities. Given the uncertainties associated with geothermal exploration and the fact that most geothermal exploration on BLM land does not lead to the identification of geothermal resources that prove viable at a commercial scale, future development of the resource is not considered reasonably foreseeable for the purposes of compliance...
