Reviews

It is one of my personal favorite publications. Indeed, it is actually performed, still an amazing and interesting literature. It has been printed in an exceptionally easy way which is merely soon after I finished reading this book where it really altered me, changed the way I believe.

Paperback. Book Condition: New. Paperback. 180 pages. Reaching for the Warrior Within is the authors personal story recounting a volatile childhood. This led him to a path of addictions, anxiety and overindulgence in alcohol, drugs, cigarettes and destructive relationships. As a survival mechanism he split into many different selves. He credits turning his life around, not by therapy, but by simultaneously paying attention to the messages he has been receiving from his Spirit team in Heaven since birth. He explains how he was able to distinctly tell the difference between when his higher self was intervening and ruling the show, and when his lower self was running his life into the gutter. Living several lifetimes in one, he did not let anything stop him from getting his life together, going after what he wanted and achieving it. He describes how he pulled himself up by his bootstraps and obtained every job he wanted without prior experience. This is from work in the entertainment industry with some of Hollywoods respected talent, to ridding himself of toxic addictions and living a healthier lifestyle clear-minded. Kevin Hunter gains strength, healing and direction with the help of his own team of guides and angels. They navigate all of us through the treacherous waters in our lives. Living vicariously through this inspiring story will enable you to distinguish when you have been assisted on your own life path. Reaching for the Warrior Within attests that anyone can change if they pay attention to their own inner guidance system and take action. This can be from being a victim of child abuse, or a drug and alcohol user, to going after the jobs and relationships you want. This powerful story is for those seeking motivation to change, alter and empower their life one day at a...
