THE INDIVIDUAL AGAINST HIS MOST CURRENT HISTORY (PAPERBACK)

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This book reflects a moment of my life deeply marked by the historical reality determined by the great economic crisis derived from several macroeconomic factors that led some countries of the world (including Spain and others) to economic collapse, on the brink of ruin. In this way, for a moment I believed that the end of the world as we know it had come to an end . However, this gave rise to new dreams of freedom, and even some isolated attempts to reinvent, as I say, the known world (I speak, of course, from the political point of view, but also social and economic). From this starting point, and once this is understood, it will be much easier to understand the different entries of this new book translated into English. The summary of this is as follows: Starting from the contradictions that still emanate from the current capitalist system (since neoliberalism is still a form of capitalism, in this book I prefer to use the tense terminology proper to other latitudes), through which I intend fundamentally to analyze some of the main points of friction between the freedom and the happiness of the individual of the present and the crude political, social and economic reality that characterizes our time, starting off mainly of sociological and political postilities.
