Skyhorse Publishing, United States, 2016. Paperback. Condition: New. Reprint. Language: English . Brand New Book. A romping ride. Pashtun will keep you turning the pages following hero Frank Morgan's plunge into assassination, survival, and revenge. --James Bruno, bestselling author of Havana Queen The Company has a special secret operation planned for one of their top agents: the leaders of the Taliban and al-Qaeda terrorist groups are hiding out in Pashtun country, and they must be eliminated. The job falls to a man they have named Frank Morgan--after the Company's deadliest agent--who stood out as a recruit at Quantico and whose skills resemble those of his namesake. The other soldiers claim Frank's abilities as a sniper and a tracker border on the supernatural and are more than willing to complete this mission with him. Frank begins his adventure in Afghanistan with another Company-appointed soldier: an indestructible, lyrical Irishman with a cutting sense of humor and a bottle of Jameson never far from hand. After the men rescue a burqa-clad young woman, they soon discover that the Company has not been honest with them and decide to take a second mate under their wing--a giant lieutenant who had been previously mixed up with the Taliban and could provide vital intel for their mission. However, together they quickly learn that oil, drugs, and greed have led to this quest; assassinating the terrorists is not their main objective. With the lines now blurred, their assignment is more complicated than ever. Pashtun--in paperback for the first time--depicts the challenges of military special ops in a boulder-filled landscape, and is told with compassion for those asked to fight the battles.
