Reviews

Excellent electronic book and helpful one. Better then never, though i am quite late in start reading this one. You wont truly feel monotony at whenever you want of your time (that's what catalogues are for relating to when you question me).
(Mabelle Dach III)

SAVING THE FUTURE: HOW SOCIAL PARTNERSHIP SHAPED IRELAND'S ECONOMIC SUCCESS

Blackhall Publishing Ltd. Paperback. Book Condition: new. BRAND NEW, Saving the Future: How Social Partnership Shaped Ireland's Economic Success, Tim Hastings, Brian Sheehan, Padraig Yeates, "Saving the Future" tells the inside story of this unique period through the eyes of the men and women who made it happen. Drawing on new insights from ministers, employers, top civil servants and trade union leaders, it charts the background to the first national agreement in 1987, which brought Ireland back from the economic brink, and the acceptance of a deceptively simple economic formula and new articles of faith among senior political, trade union and business leaders. Written by the three leading journalists who tracked the ups and downs of the social partnership period, and with access to the high-level decision makers in the civil service, politics, business and the unions, the book describes the most dynamic years of Ireland's economic development through the eyes of those who helped shape it.
