Springer. Hardcover. Book Condition: New. Hardcover. 268 pages. Dimensions: 9.0in. x 6.0in. x 0.8in. The development of chemistry, like that of the other fields of science and technology, has depended greatly upon the availability of instruments. Accordingly, the study of the history of instrumentation is a major area in any survey of the progress in this science. Recognizing this fact, the Division of the History of Chemistry of the American Chemical Society organized and held a very successful symposium on the...
